

INTEGRA™

How to Buy
INTEGRA™ Products

All new orders of the INTEGRA IT-8000 controller and the INTEGRA-Supervisor will ship with a license for the Niagara 4 platform. This license can be downgraded to run AX licenses by purchasing the applicable downgrade option.

INTEGRA AX units can be upgraded to N4 using SMA parts

- Existing Legacy licensing scheme still applies
- Drivers bought a la carte

INTEGRA™ products are available through SHOPAAM.COM

For any questions, please contact the Inside Sales Department at insidesales@cylon.com

INTEGRA IT-8000 UNBUNDLED

Choose INTEGRA IT-8000 Controller

IT-8000-USWIFI	With Wi-Fi connectivity for US WLAN markets
IT-8000-WWWIFI	With Wi-Fi connectivity for Worldwide WLAN markets
IT-8000-NOWIFI	With NO WI-FI connectivity

1

Add Core Devices

IT8-005-COR	Device Core Pack (5 devices or 250 points)
IT8-010-COR	Device Core Pack (10 devices or 500 points)
IT8-025-COR	Device Core Pack (25 devices or 1250 points)
IT8-100-COR	Device Core Pack(100 devices or 5,000 points)
IT8-200-COR	Device Core Pack (200 devices or 10,000 points)

2

Add Maintenance*

*Must match IT8-XXX-COR

IT8-XXX-SM0	18 months Maintenance
IT8-XXX-SM1	1 Year Maintenance
IT8-XXX-SM3	3 Year Maintenance
IT8-XXX-SM5	5 Year Maintenance

3

Additional Device Packs

IT8-010-DCP	Add Support for 10 devices or 500 points
IT8-025-DCP	Add Support for 25 devices or 1,250 points
IT8-050-DCP	Add Support for 50 devices or 2,500 points
IT8-010-DCU	10 Device Upgrade or 500 points
IT8-025-DCU	25 Device Upgrade or 1,250 points
IT8-050-DCU	50 Device Upgrade or 2,500 points
IT8-FIPS	FIPS 140-2 Level 1 conformance

Optional

Notes

IT8-XXX-DCP licenses available at initial purchase.

IT8-XXX-DCU licenses are used to update existing installations after initial core software purchase.

Downgrade to AX license available using **Part # IT-8000** | **INTEGRA™** N4 licensing scheme still applies

PUP driver available using **Part # IT8-DR-APUP** | Contact Inside Sales to inquire about additional third-party drivers.

INTEGRA IT-8000 BUNDLES

IT-8000 Bundles for US and Worldwide WLAN codes¹

Part Number	Description
IT-8005-XXWIFI	Includes core license for 5 devices or 250 points. Made up of IT-8000-WIFI + IT8-005-COR + IT8-005-SMO.
IT-8010-XXWIFI	Includes core license for 10 devices or 500 points. Made up of IT-8000-WIFI + IT8-0010-COR + IT8-0010-SMO.
IT-8025-XXWIFI	Includes core license for 25 devices or 1250 points. Made up of IT-8000-WIFI + IT8-025-COR + IT8-025-SMO.
IT-8100-XXWIFI	Includes core license for 100 devices or 5000 points. Made up of IT-8000-WIFI + IT8-100-COR + IT8-100-SMO.
IT-8200-XXWIFI	Includes core license for 200 devices or 10000 points. Made up of IT-8000-WIFI + IT8-200-COR + IT8-200-SMO

Notes

¹**XXWIFI** = **USWIFI** or **WWWIFI** e.g. IT-8005-**USWIFI** = IT-8000 Controller with US WLAN country code Wi-Fi + IT8-005-COR + IT8-005-SMO, **WW** =Worldwide WLAN country code Wi-Fi.

Purchasing has been simplified with quick-pick bundles, that do not include any device additions. Ordering **INTEGRA™** in bundles saves time and makes the ordering process easier. Bundles also speed up the process of data entry and inventory management.

INTEGRA-Supervisor

Choose Niagara Connections

ITS-000-SUP	0 Niagara device connections
ITS-001-SUP	1 Niagara device connection
ITS-002-SUP	2 Niagara device connections
ITS-003-SUP	3 Niagara device connections
ITS-010-SUP	10 Niagara device connections
ITS-100-SUP	100 Niagara device connections
ITS-UNL-SUP	Unlimited Niagara device connections

1

Select Add-Ons

ITS-001-ADD	Add 1 Niagara device connections to Supervisor
ITS-100-UPG	Upgrade to ITS-100-SUP from ITS-000-SUP to ITS-010-SUP ¹
ITS-UNL-UPG	Convert SUP-100 to SUP-UNL
ITS-005-STN	Adds the ability to run 5 additional stations ²
ITS-FIPS	Provides FIPS 140-2 Level 1 conformance ³
ITS-ALM-CNSL	Alarm Console client. Support for Niagara alarm monitoring
ITS-OS-AX-SUP	Downgrade to AX license
ITS-LIC-CHG	Open License change fee to change an existing license ⁴

2

Add Maintenance*

ITS-XXX-SM0	18 months Maintenance
ITS-XXX-SM1	1 Year Maintenance
ITS-XXX-SM3	3 Year Maintenance
ITS-XXX-SM5	5 Year Maintenance

*Must match ITS-XXX-SUP

3

INTEGRA-Supervisor

Add Device Integration Pack for non-Niagara IP Connections

Optional

ITS-010-DIP	Add support for 10 non-Niagara devices or 500 points
ITS-025-DIP	Add support for 25 non-Niagara devices or 1,250 points
ITS-050-DIP	Add support for 50 non-Niagara devices or 2,500 points
ITS-100-DIP	Add support for 100 non-Niagara devices or 5,000 points
ITS-200-DIP	Add support for 200 non-Niagara devices or 10,000 points
ITS-500-DIP	Add support for 500 non-Niagara devices or 25,000 points
ITS-1000-DIP	Add support for 1,000 non-Niagara devices or 50,000 points

Notes

- ¹ Maintains any ITS-001-ADD that were added to original core (ITS-XXX-N4)
- ² Applies to ITS-000-SUP, ITS-001-SUP, ITS-002-SUP or ITS-003-SUP only. Typically used for small site multi-tenant options
- ³ Uses the integrated FIPS certified BouncyCastle module for IT-8000. Requires ITS-XXX-SUP version 4.6 and later
- ⁴ Applies to all license changes except when a driver, upgrade or other software is purchased

INTEGRA-ProPack

The **INTEGRA-ProPack** is a Cylon Niagara service designed to simplify the engineering and programming of the **IT-8000** network controller and increase System Integrator productivity. Available on Cylon's **IT-8000** controllers, the **INTEGRA-ProPack** imports the CXproHD database into the **IT-8000** and automatically creates the BACnet® network, devices and controller points into the Niagara Database Tree. This service is designed to reduce deployment time when connecting the **IT-8000** to Cylon BACnet® field controllers.

License File for Foreign Niagra Devices and Forgeign Supervisors

Part Number	Description
INTEGRA-PROPACK-5	Supports up to 5 devices on non-INTEGRA IT-8000 or non-INTEGRA-Supervisor software
INTEGRA-PROPACK-10	Supports up to 10 devices on non-INTEGRA IT-8000 or non-INTEGRA-Supervisor software
INTEGRA-PROPACK-25	Supports up to 25 devices on non-INTEGRA IT-8000 or non-INTEGRA-Supervisor software
INTEGRA-PROPACK-50	Supports up to 50 devices on non-INTEGRA IT-8000 or non-INTEGRA-Supervisor software
INTEGRA-PROPACK-100	Supports up to 100 devices on non-INTEGRA IT-8000 or non-INTEGRA-Supervisor software
INTEGRA-PROPACK-200	Supports up to 200 devices on non-INTEGRA IT-8000 or non-INTEGRA-Supervisor software

Notes

INTEGRA-ProPack requires Niagara 4.6.96.28 or higher.
